

1783

1782-1784

The **Foramen of Monro** was named after the Scottish physician **Alexander Monro** (1733-1817), who first described it in 1783 ¹⁾.

As early as **1783**, Monro, Kellie in 1823, and other investigators advanced the notion that the volume of the brain is constant ^{2) 3)}
