

Adeor Medical AG

Adeor Medical AG is a German-based company specializing in advanced medical equipment, particularly for **neurosurgery**, **ENT (Ear, Nose, and Throat)**, **gynecology**, and **vascular surgery**. The company draws on over 40 years of experience in the surgical equipment industry, and its products are developed in close cooperation with leading surgeons.

Some of their key products include:

1. **High-Speed Surgical Drills**: Such as the **Velocity Alpha®**, used in cranial and spinal procedures. 2. **Cranial Perforators**: The **Meridian Alpha™** and **Meridian Classic™** are used for burr hole trepanation during cranial surgeries. 3. **Aneurysm Clips**: The **Perneczky Aneurysm Clip 2™** offers advanced features for precise aneurysm surgeries. 4. **Bipolar Forceps**: Their **nxt™** line features non-stick technology, minimizing tissue adhesion during delicate surgical procedures.

Adeor operates globally, with products that are widely recognized for their innovation, safety, and efficiency in surgical procedures. The company places a strong emphasis on improving the ergonomics and precision of medical tools used by surgeons.
