

Anspach High Speed

Powered surgical instrument from DePuy Synthes

Anspach eMax 2 Plus

With an operating speed of up to 80,000 rpm, this high precision electric system provides power and performance for a complete range of surgical applications. The eMax 2 Plus offers a small, lightweight handpiece, an integrated cooling system and the versatility provided by a wide range of attachments and accessories to meet the needs of both surgeon and staff.

Anspach XMax

Optimum pneumatic system to handle a complete range of surgical procedures ranging from power demanding applications to the most delicate dissection. The XMax sets a new standard by combining high power, smooth operation, low noise level, and small size. The XMax operates at a speed of 80,000 rpm at 6.2 - 8.3 bar input pressure and has 35% more power than the Black Max.
