

Black Forest Medical

Black Forest Medical Group specializes in advanced **cranial stabilization and brain retractor systems** for neurosurgery. Known for their **DORO® product line**, which includes the **DORO® QR3 Skull Clamp** and **DORO® LUCENT systems**, the company provides solutions that enhance precision, safety, and efficiency in both standard and intraoperative imaging neurosurgical procedures. Their systems offer a **mix-and-match** capability for radiolucent products, improving flexibility in imaging environments like CT and MRI.

With over two decades of experience, Black Forest Medical continuously innovates in response to surgeon feedback, ensuring their products meet the highest standards in **patient positioning, stabilization, and navigation** during surgeries

For more details, you can visit their official website at [Black Forest Medical](<https://www.blackforestmedical.com>).
