

<https://www.elliquence.com/products/disc-fx-system/>

The elliquence Disc-FX® System safely, rapidly and effectively performs minimally invasive discectomy. Minimally Invasive Discectomy & Microdiscectomy procedures for contained lumbar spine herniations. The innovative, patented design combines simple, intuitive function with precise surgical results.

Less invasive compared to traditional discectomy procedures
Minimum annulotomy reduces risk of herniation
Multi-functional therapeutic options; debulking, ablation and modulation
Manual excision of herniated nucleus through 3.0mm portal
Ablation and denervation achieved with use of Trigger-Flex®
