

EUROSPINE

[The Spine Society of Europe](#)

History

Founded: 26 June 1998 in Innsbruck, Austria former:

European Spine Society (ESS)

European Spinal Deformity Society (ESDS)

Credo

The aims of EUROSPINE, the Spine Society of Europe are to stimulate the exchange of knowledge and ideas in the field of research, prevention and treatment of spine diseases and related problems and to coordinate efforts undertaken in European countries for further development in this field.

Our Vision is to be the driving force and the primary and preferred partner in Europe for all spinal care issues.

Our Mission is to optimise patient care and prevention of spinal disorders provide and support “best practice” spine-related lifelong learning and research bring together all spine-related European stakeholders across disciplines, cultures and countries.

The [EuroSpine Foundation](#) aims at optimizing communication with all the stakeholders involved in or concerned by the resolution of spinal pathologies.

The [European Spine Journal](#) is the official publication of EuroSpine, the Spine Society of Europe.

The European Education Plan courses is also a reference point to communicate evidence based medicine in the framework of the [European Spine Course Diploma](#) and challenging case discussions take place during the master courses.

Scientific communications are presented during the EuroSpine annual meeting.

My ESF is an application where all stakeholders can directly select their center of interest that the ESF searches and communicates.
