

Facial pain

Facial pain is [pain](#) felt in any part of the [face](#), including the mouth and eyes. Although it's normally due to an injury or a [headache](#), facial pain may also be the result of a serious medical condition. Most causes of facial pain are harmless.

Possible pathways for facial pain include: [trigeminal nerve](#) (portio major as well as portio minor (motor root)).

see [Chronic facial pain](#).
