

Gord von Campe

Consultant Neurosurgeon, Department of Neurosurgery Medical University of Graz, Austria

Dr. von Campe trained in Neurosurgery in Zurich, Switzerland, and currently works as a Consultant Neurosurgeon at the Department of Neurosurgery of the Medical University of Graz in Austria. His main area of expertise is glioma surgery with an integrated multimodal approach combining various pre- and intra-operative techniques like fMRI, nTMS, tractography, iMRI, fluorescence guidance and awake surgery with functional mapping. He has a high interest in education and training and is the initiator of the Graz White Matter Dissection Course together with a leading neuroanatomist and a dedicated team of young neurosurgeons.
