

Henry Ford Hospital

([Detroit](#)), [Michigan](#), a 2012 recipient of HealthGrades' Neurosciences Excellence Award, is a national leader in spine and neurosurgical care. It was the first hospital in Michigan to provide minimally invasive spine surgery and the first hospital in the United States to provide [radiosurgery](#) for spine cancer. Henry Ford Hospital also has committed more than \$178 million in neurosurgical research studies, and its neuroscience institute has tallied more than 550,000 patient visits over the past 16 years.
