

Juan Martino

Consultant Neurosurgeon, Hospital Universitario Marques de Valdecilla, Cantabria, Spain Director, Neuroanatomy Group, Spanish Society for Neurosurgery

Dr Martino is a leading authority in the dissection of subcortical white matter tracts. His research and his outstanding anatomical specimens have been published in numerous highly cited articles and monographs. In 2007 he qualified in neurosurgery and in 2011 presented his doctoral thesis on the study of brain connectivity, at the University of Cantabria. He has twice received the award for young neurosurgeon at the World Congress of Neurosurgery in 2009 in Boston (USA) and in 2013 in Seoul (Korea). He is the coordinator of the neuroanatomy group of the Spanish Society of Neurosurgery (SENEC). He is an active member of SENEK, group neuroanatomy and neuro-oncology SENEK and European Network for treatment of low-grade gliomas.
