

Luc De Waele

Born July, 31st, 1945, son of DE WAELE A, -M.D., married to Ria DERDE, two sons (Frederik- Anthony).

-Graduated Medical Doctor, University Leuven and Ghent, Belgium – July 1971.

-Board certified Neurological Surgery – February 1977

-Founder and Head of Department of Neurological Surgery, A.Z. St.Lucas, - Ghent – Belgium since 1982

Special interests in

Microvascular brain surgery -

Skull base- vascular – tumor surgery -

Microvascular decompression on cranial nerves -

Pituitary = Hypophysis tumor surgery -

Acoustic neuroma surgery /SMVN – Meniere surgery -

Spine surgery :anterior lumbar spine surgery. Degenerative spine/tumor surgery.

Member of :

-World Federation of Neurological Societies (WFNS) -

-Congress of Neurological surgeons (USA) -

-European Skull Base Society (ESBA). -

-Société de Neurochirurgie de Langue Française

-Dutch Skull Base Society -

-Belgian Society of Neurological Surgery

-Italian Neurosurgical Society

Committee : -Co-Director of International Neurosurgery Education and Research Foundation (INERF) USA.

- Founder - Co-Director F.R.I.E.N.D.S. surgical courses -Boras – Sweden .

-Guest Professor at Un. M.C. TJIANJIN – China.

-Guest Professor at Beijing Shijing shan teaching hospital Beijing Capital Medical University

-Guest Professor Guangzhou South medical University hospital 3th aff.-China

Publications :30

Recent – co-author publications :

- Middle cranial fossa approach
- Extradural middle fossa approach. Proposal of learning method : the rule of two fans
- Hemilingual spasm : a new neurosurgical entity ?
- Benign metastasizing leiomyoma to skull base and spine
