

Manual of Neuro-Surgery

Manual of Neuro-Surgery (Classic Reprint) Hardcover – April 21, 2018 by United States Surgeon General (Author)

Excerpt from Manual of Neuro-Surgery

[ADD TO SHOPPING CART](#)

Spine and Spinal Cord, by Dr. Charles H. Frazier; and from the technic of the suboccipital operation in Tumors of the Nervus Acusticus, by Dr. Harvey Cushing. Free use has been made of Diagnosis of Nervous Diseases, by Purves Stewart; of Tinel's monograph on Nerve Wounds and of the Proceedings of the Royal Society of Medicine, 1915 - 16, Volume X, part 3. Valuable illustrations have been reproduced from Diseases of the Eye, by de Schweinitz.

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
