

NMC Case Report Journal

NMC Case Report Journal (NMC Case Rep J) is a [peer-reviewed](#), [open-access](#) journal published by the [Japan Neurosurgical Society](#), focusing exclusively on **case reports in neurosurgery and related fields**.

* **Indexing**: Indexed in [PubMed](#), ensuring international visibility. * **Publisher**: Japan Neurosurgical Society * **ISSN (online)**: 2434-2506 * **Platform**: Hosted on [J-STAGE](#), Japan's leading academic journal portal. * **Access model**: 100% **open access** – articles are freely available to readers worldwide. * **Scope**: Rare cases, surgical innovations, and clinically relevant observations in neurosurgery and neurology.

It is considered a suitable venue for neurosurgeons, residents, and researchers wishing to publish well-documented case reports, especially if they seek rapid peer review and visibility via PubMed without the pressure of high-[impact factor](#) requirements.
