

North American Skull Base Society

<http://www.nasbs.org>

The North American Skull Base Society (NASBS), founded in 1989, is a professional medical society that facilitates communication worldwide between individuals pursuing clinical and research excellence in skull base surgery. Purpose of the NASBS To promote the public welfare through the advancement of skull base surgery and related sciences. To disseminate information about the anatomy, physiology and clinical management of diseases involving the skull base. To promote education and basic and clinical research relating to diseases of the skull base. To promote mutual fellowship and cooperation among various scientific disciplines and organizations. To support, coordinate, and enhance efforts to generate scientific information useful to specialists in the care of diseases of the skull base Bylaws Mission NASBS Committee Publications Contact the NASBS Office NASBS Past Presidents
