

# Nuvasive

<https://www.nuvasive.com/>

NuVasive® is an innovative medical device company focused on developing minimally disruptive surgical products and procedures for the spine. Our mission is to improve the lives of patients who suffer from debilitating back, neck, or leg pain by creating cutting-edge products and procedures that revolutionize spine surgery through focusing on Speed of Innovation®, Absolute Responsiveness®, and Superior Clinical Results.

Through innovative technological advancements, NuVasive has successfully progressed major spine surgery to where many patients have experienced extraordinary results—they are often walking the same day of surgery, experiencing less blood loss, spending less time in the hospital, and going back to work within four to six weeks (versus six months).

NuVasive is the third largest medical device company in the global spine industry. We feature more than 90 products spanning lumbar, thoracic, and cervical applications, neuromonitoring services, and a biologics portfolio. Our products have been used in hundreds of thousands of spine surgeries.

NuVasive had revenue of \$685.2 million for 2013 and employs more than 1,500 people. Corporate headquarters are in San Diego, California and additional offices are in Memphis, Tennessee and Paramus, New Jersey; as well as Puerto Rico, the United Kingdom, Germany, Italy, Australia, Poland, Spain, Singapore, Malaysia, and Japan. Impulse Monitoring, Inc.® offices are located in Columbia, Maryland. NuVasive Manufacturing, LLC. is located in Dayton, Ohio.
