

Neurosurgeon [Sergio Canavero](#) proposed the [HEAVEN procedure](#) - i.e. [head anastomosis](#) venture - several years ago, and has received approval from the relevant regulatory bodies to perform this body-head transplant (BHT) in [China](#). The BHT procedure involves attaching the [donor](#) body (D) to the head of the recipient (R), and discarding the body of R and head of D. Canavero's proposed procedure will be incredibly difficult from a medical standpoint.
